What will YOU do with YOUR extra time?

With DSP MedSync, ALL of your medications will be filled on the same date every month. Less stress, less trips to the pharmacy, and more time to spend doing what matters most.

Our convenient, complimentary program allows you to focus your time and energy on the more enjoyable things in your life. What you do with that extra time and peace of mind is up to you!

"I used to drive to the pharmacy 4-5 times per month. Now I am saving time and gas money. The program has also made it easier to follow my medication schedules."

One fill date per month means more time to enjoy the things that matter most!

How Does DSP MedSync Work?

- ✓ We determine and synchronize all medications to your "Fill Date"
- ✓ You receive a monthly call from a MedSync specialist seven days prior to your "Fill Date"
- ✓ During this consultation call we check in to see how you are tolerating the medications and document any changes in therapy
- ✓ We contact your physicians in advance for any new refill requests
- ✓ We fill all of your MedSync prescriptions on your "Fill Date" and notify you when ready for pick-up or home delivery.

"I take 12 daily medications plus vitamins. Sometimes I would forget to call my refills in on time and was making 5-7 trips a month to the pharmacy."

DSP MedSync has made it SO much easier for me and my caregiver.

Now there is just ONE visit to the pharmacy each month! Such a convenient program"

What if I'm not a current patient at Delray Shores Pharmacy?

No problem! Just give us a call at 561.272.2124 or bring in your prescriptions. We'll take care of the rest and get your medications transferred to our DSP MedSync program.

Less Stress, More Time, and Healthier Living!
